## *Senior Division Student Council*

Each week the council discusses the problems which have arisen during the previous week, suggests solutions to these problems, chooses the solution which it thinks will best fit the needs of the school, and then tries to formulate a method of executing these solutions.

This process is educational for the entire student body as well as for the council members. It teaches the members the laws of self government, and it teaches the other students that they must obey the laws set up for their benefit and protection by their chosen officers.

The council is in charge of the arrangements connected with the nomination, election, and crowning of the homecoming queen.

This year the council had the annual council dance and later on had a record hop.

## *Junior Division Student Council*

Congratulations to the Council! This year it is celebrating its twenty-fifth anniversary. Congratulations also to Miss Milar, founder and adviser of the Council during this entire period.

The Council was organized in 1930 as an experiment in student participation in the affairs of the school. It is now responsible for the entire activities program of the junior division of the high school.

The officers and their assistants are elected to represent the entire student body. Councilors and alternate councilors are elected to represent the homerooms.

The work of the council is carried on through a number of standing committees which make weekly reports to the council. Committees for this year were: Assembly, athletic, clubs, noon-hour, scholarship, sales tax stamps, school savings, and traffic.

Among the problems undertaken by the council this year were: school property, better citizenship, courtesy, teen-age problems, school marks, careers, selection of subjects, safety, and activities.

Following are some of the activities of the council for this year: sponsoring of a noon-hour intramural volleyball and basketball series for both boys and girls, supervision of school-savings program, collection and tabulation of sales tax stamps, granting of club charter, supervision of homeroom elections, and planning homeroom programs.

Because of the twenty-fifth anniversary of the Council, we are dedicating this page to its past presidents.

### *Delphian Staff*

It is the job of the Delphian Staff to compile and edit our school yearbook.

Each editor has his own department for which he is responsible. He must be sure that all his work is complete, accurate, and finished on time. To aid him in this, each editor has an assistant editor.

It is the goal of the entire staff to promote cooperation and teamwork, in order to make a better book each year.

In the book the staff tries to accurately record the highlights of the school year so that in later years students can relive their school days in happy memories.

The sophomore staff members are chosen at the beginning of the second semester on the basis of ability and willingness to work. In their sophomore year their primary duties are to count tax stamps and to assist any other staff member who needs their help. In their junior year they will become assistant editors and, when seniors, they will be full-fledged editors and the heads of their departments.

## *The Central News Staff*

The Central News Staff is in charge of the publication of our school newspaper, THE CENTRAL NEWS, which is printed tri-weekly.

In addition to the newspaper, the staff prepares the QUAKER HIGHLIGHTS column which appears in THE DAILY TIMES each week.

A member of the Columbia Scholastic Press Association, the paper has won numerous awards in annual competition.

The paper has done a fine job in fulfilling its purpose; to inform the student body of the activities and functions of the school and to make for a more harmonious school life through mutual understanding of students and faculty.

The staff enjoyed a joint picnic with the Delphian staff in the spring.

The work of the Central News Typists consists of typing "dummy copies" from the rough draft copies given them by the Central News reporters, cutting stencils, and mimeographing.

The girls are chosen for their adeptness, neatness, and accuracy in typing.

Although constantly harassed by deadlines, they were always good sports and had the paper ready for distribution on time.

There are three types of members in the Honor Club: the life member; the active member, and the associate member. A student becomes a life member when he has made qualifying grades for five or six semesters. To become an active member a student must be on the honor roll at least three semesters. In order to qualify for an associate membership, a student must be on the honor roll at least one semester.

A pin, furnished by the Board of Education, is given each student attaining Life Membership.

In the spring, a party was given by the College Club for all active and life members of the Honor Club.

The highlight of the Commercial Club year is their banquet at which they usually have a court reporter as their guest. The court reporter's job requires the utmost of speed and skill in shorthand.

During the year they had interesting meetings at which they heard talks by several of our high school graduates who have since entered the business world. At some of their meetings they also had demonstrations of the various business machines.

The Science Club members aim to increase their knowledge of the scientific world in which they live; to be better prepared to serve their school and community in ways which require scientific knowledge; to spread the knowledge of the need for scientific information; and to work with fellow members in solving problems of general interest.

The Science Club is a very helpful organization in the school, for it is in charge of all audio-visual equipment in the school and shows all movies in the Senior Division.

The Future Nurses Club gives any girl who is thinking of becoming a nurse practical experience. This experience is achieved through "dispensary duty" which each girl performs at least one period a week. They are stationed at centralized locations in the halls and give minor first aid to any student who needs it.

At their monthly meetings, the girls had doctors and nurses to talk with them and tell them about their future careers.

The Future Teachers of America is composed of Juniors and Seniors who are thinking of entering the teaching profession. The members gain experience by substituting at either grade school or high school when the teacher will be absent for a few hours or a day.

Each senior member had a chance to observe a class in session at any grade school of her choice.

Through movies and speakers, the members learned the requirements to become a teacher and a little about the different branches of teaching.

The club had a reception for the mothers of the members later in the year.

A genuine interest in forestry and in the methods of fighting it are the requirements for becoming a member of the Forestry Club.

The club is formed to (1) learn how to fight fire and; (2) learn how to plant trees, care for them and harvest the trees as a crop.

This year the school acquired a thirty-two acre school forest. In the spring one thousand trees will be received from the state and the Forestry Club will have the job of planting and caring for the trees as a long-range project.

The principal characters are Henry Aldrich, who just can't memorize the dates in history, who tries to sell anything he owns in order to raise two dollars to take his girl to the dance, and who in desperation "borrows" answers for his examination, only to be found out; Barbara Pearson who is gloriously happy and desperately unhappy over the prospect of her first formal dance; George Bigelow, Henry's enemy, who almost gets him into real trouble; several teachers, including Miss Pike, Miss Johnson, and Miss Wheeler; Mr. Nelson, assistant principal who straightens out Henry's problem; not to mention Henry's mother who insists that the boy go to Princeton, though his talent is for drawing. Henry just can't get through his head the book learning he is supposed to absorb, and this is what involves him in scrapes and once makes it look as though he had stolen the school band instruments, to the consternation of the distracted music teacher who, with the help of an amusing detective, finally discovers that the instruments have been pawned by Bigelow, who tries to throw the blame on Henry. However Henry's problem is solved through the sympathetic help of the assistant principal.

## *"What a Life" and "June Graduate"*

### *June Graduate*

On January 31, 1956, "June Graduate," a three-act comedy, was presented by the Senior Dramatics Class, under the direction of Mrs. Thomas Somerville. As the play opens, we find that the seniors in our story have just graduated and are all making plans for college. Bob Gardner, who has been the "big man" around the high school, has great plans for his college education, too. However, on graduation night, his widowed mother tells him that she can not send him to college. In order to save his pride, he asks his girl friend, Agnes, to marry him, using this as an outlet for not going to college. All of Bob's friends are quite astonished, especially Irene, who is quite fond of Bob. As fall draws near, our play comes to its climax and its end, by seeing Bob and Irene starting off together for college and years of happiness with their friends.

The play provided both laughs and sighs and sent the audience away satisfied with an excellent evening's entertainment.

Even though the record of this year's team was not so impressive as a few years ago, every boy on this team will never forget the spirit of sportsmanship he enjoyed with his fellow players. This team worked hard and played hard, trying to do their best. These boys worked through victory and defeat together.

### COACHES

William Kidd—Coach Kidd led the Quakers through another hard year of football. In spite of the outcome of the season, we learned many things through defeat. He has many great plans for the coming football year.

Leo Benjamin—Coach Benjamin produced another great basketball team this year. Coach Leo's teams have not only been great in basketball but also in sportsmanship. A former Quaker athlete, he has again proven himself.

Roger Bishop—Coach Bishop, in his first year of coaching, produced a well-balanced basketball squad. In football Roger helped the team greatly with his knowledge of athletics.

## Our football games . . .

## GAME

New Phila.—33      Salem—0

The Phils started out the season in great style by thumping the scrappy but outclassed Salem Quakers 33-0. It was a very hot night but that did not stop the determined Phila. Quakers.

New Phila.—53      Coshocton—0

The Quakers kept their winning streak and unscored-on mark going by defeating the Redskins by a terrific score of 53-0. The substitutes contributed to half of the scoring in the last quarter by getting twenty-six points.

New Phila.—7      East Liverpool—27

The winning streak was stopped by the powerful fourth-ranked East Liverpool Potters. It was a great loss for the Quakers because it determined high ranking and recognition in the state.

New Phila.—12      Wooster—26

The Phils were defeated again by the small but fast Wooster Generals. The boys did their best but could not defeat the high-spirited Generals.

New Phila.—2      Ashland—26

After losing two in a row the Phils were low-spirited and could not seem to click against the big Arrows, who were led by the big fullback Max Messner.

*Were played well this year . . .*

## REVIEWS

New Phila.—13

Toledo Macomber—19

The Quakers were defeated by the Craftsmen in a heart-breaker. We had many bad breaks and had many chances to score, but couldn't make the grade.

New Phila.—5

Bellaire—13

With their fifth defeat in a row, the Quakers were heart broken when they lost to Bellaire, 13-6. The Quakers had a chance to score the last few minutes but fell short. Our touchdown came when Fred Cronebach intercepted a lateral and raced for a touchdown.

New Phila.—45

Youngstown Chaney—6

The Phils finally got on the winning side by defeating a weak Youngstown Chaney team, 45-6. It looked bad for a while when Youngstown scored first and almost got another before we did, but we came to life and scored on almost every play.

New Phila.—21

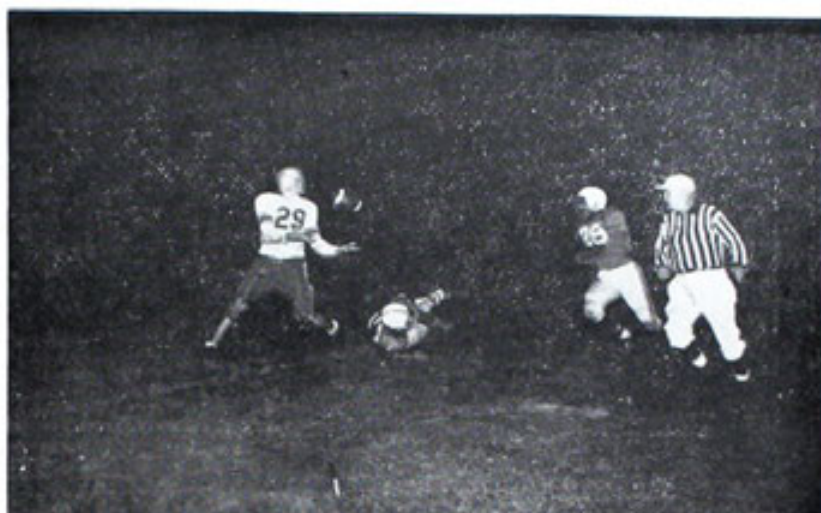

Cleveland Heights—20

We stayed on the winning streak by defeating Cleveland Heights in a thriller. The Phils started like themselves again. They had more life and fire.

New Phila.—20

Dover—34

"Well, it took them eight years to do it!" But their long runs and our bad breaks made it possible for the Tornadoes to beat us in the big traditional "Battle for the Bat."

*Let's give our team now . . .*

Again this year Coach Harmon and Coach Park proved their ability. Their coaching will prove very helpful in the teams of tomorrow.

Syl Harmon—Coach Harmon has completed many successful years as head coach of the Junior Reserve football and basketball teams. This year he tutored the boys in another undefeated football season. His basketball team also turned up with a very fine record.

Edson Park—Coach Park is the assistant coach of the Junior Reserves and has charge of the 7th and 8th grade teams as well. He is the backbone of the feeder system for the oncoming varsity.

Last year proved to be a bright season for the most recent addition to our sport department. Coach Harmon certainly proved his ability with these boys. We would like to congratulate them on their swell job.

Hi, Quakers!

Well, there we were once again, starting the great institution called school. The date, September 6; place, New Philadelphia High School, on the corner of Fourth Street and Ray Avenue; time, 8:30. We had 1199 students enrolled with 162 of them being seniors. Students and teachers attended school 175 days in the '55 and '56 term. School was dismissed five days, for Armistice Day, Thanksgiving, Washington's Birthday, Decoration Day, and a teachers' meeting. Additional vacations (and were we happy) were the annual County Fair, Christmas Vacation, and Spring Vacation.

1199 Students!

In the past years at N. P. H. S., it has been the custom for the boys and girls to take turns playing volley ball and basketball at noon hour. These activities are directed in the Junior Division by Miss Edith Milar and in Senior Division by Mr. Roy Ladrach. Each game lasts fifteen minutes. The teams are made up of members from each homeroom who are interested. At the end of the season championship games are played.

One of the main extra-curricular activities including both divisions is the noon hour rock and roll dance sessions. Providing the music is none other than our N. P. H. S. dance band. The band consists of Steve Phillips on drums; Dave Bair and Jim Hoy on trombone; Rita Linard, Doris Neff, Karen Lemley, Carl Frame and Barb Montgomery on saxophone. Anthony Fabiano, Charles Smith, and Jay Blinn give out with the trumpets; Kay Williams and Corinne Palmer take turns on the piano. The kids and the band really move out, keep it up!

October was a big month for the students at N. P. H. S. A new fad around school this year was the buying of Quaker Badges. The senior class sold them and to get into the swing of things everyone bought one. Also in October were the annual homecoming, magazine drive, and council elections.

By popular vote, the students of N. P. H. S. chose to elect as their Homecoming Queen, Susan Stratton. Her crowning by Student Council President Eugene Wenger highlighted a most successful Homecoming, even though we were defeated by East Liverpool. Looking equally nice in their formal attire were the Queen's court: Barbara Mearns, a senior; Becky Robb, a sophomore; and Becky Tucker and Ellen Hurst, both freshmen. Assisting Eugene Wenger were Ann Peterman and Sally West, acting as pages. A dance in their honor climaxed a wonderful evening for these five girls to which the entire student body was invited.

## *We have prepared . . .*

Once again this year we showed a great enthusiasm for selling magazines. This is one way in which our school made money for its activity program. With the proceeds, a spot-light, a television set, and weather equipment were purchased. The following prizes were awarded: An "Oscar" for the homerooms and students having the highest total sales each day; a cash prize totaling seven per cent of the total sales of each homeroom; free movie tickets for each subscription brought in; dinners for all \$30 salesmen and for homerooms doubling their quota which was \$200.

Congratulations to the students in Miss Moffit's homeroom for their success in selling double their quota. Mr. Fishel took Miss Moffit's homeroom and all those who sold \$30 or more out to dinner at Padula's in Massillon. Watch your waist-lines, kids!

The Senior Division Student Council officers were elected by the students of the entire senior division. This honor gives an officer the opportunity to learn the principles of self-government and to obtain the ability of leadership.

Eugene Wenger, the Student Council President, led our N. P. H. S. activities with the same action and enthusiasm which made him popular on the basketball floor. He was assisted by Jerry Johnson, Vice President, Sally Hudson, Secretary, and Carol Mathias, Treasurer. The officers have undertaken many projects and have been successful in accomplishing their desired goal. The officers wish to thank the faculty and student-body for their cooperation and for making '55 and '56 a most successful year.

Did you ever pay much heed to our high school marching band? This group of fellow classmates puts forth much time and effort in order to give us a rousing half-time show at our football games. Many times these pupils go unnoticed when they should be getting our applause. The next time we see our band in action, let's give it an ear-smashing cheer.

Speaking of the band, there is a certain little lady, known as our Quaker Girl, that deserves our praise. She not only represents our team name, the Quakers, but also devotes much time and energy to the betterment of school spirit. When we see her let's remember what she stands for: sportsmanship, school spirit, and fair play.

November proved to be a lot of fun around the ol' Quaker campus as on November 19 the long awaited football game with Dover was slated. Before the actual game, let's take a look at the Thursday night activities, as something new was added this year!

## *Will surely bring back . . .*

Pretty Pusses.  
Jamboree.

In the previous years, to make the Philly-Dover game an exciting event, we just had a snake dance and a bon-fire, but this year we had a "Philly Beat Dover" parade plus the annual activities. Many nicely decorated floats were the highlights of the parade. The floats were presented to the public by individual clubs of our own school. The high school band led this spectacular, colorful event. Prizes were awarded to the best floats. Although we were defeated 34-20, the cry in the halls of N. P. H. S. was "We'll get 'em next year."

November 24 was the annual Sweater Hop which proved to be a lot of fun. To climax the football season, Ronny Mason, a senior halfback, was voted all-Quaker.

December is always an eventful month and December '55 was no exception. The Y-Teens were quite active this month, as they had a dance and also were in charge of the Christmas Pageant entitled "Gifts." The gals in the G. A. A. really splurged and ate a spaghetti dinner at Bassetti's. To complete the Christmas season the students of both divisions enjoyed a dance held at the Elks ballroom, sponsored by the Senior Division Council—the Christmas Ball, a semi-formal dance, was very successful.

To start the New Year right, Mr. Rieker and Mr. Somerville added a new club to our long list of fine organizations. The chess club consists of sophomores, juniors and seniors, and is exclusively for boys. The club meets once a week. They also have competition matches among the members.

Also in January was the annual Dramatic Class play. This year's play was entitled "June Graduate," a comedy drama. The play was directed by Mrs. Helen Somerville, who, as always, gave an excellent production. The play was presented to the junior and senior divisions and also to the public in an evening performance.

In the second month of the New Year, February, the Junior Class presented its annual Junior Jamboree. All of the participants in the show and also the committee members worked hard to make it one of the outstanding features of the year. Thanks are due to Miss Moffit and Mr. Gartrell, Junior Class advisers, for without them the success of the Jamboree would have been impossible. The theme of this year's Jamboree was "Moon over New Philly." The twenty-one acts consisted of singing, dancing, and comedy routines. The show was emceed by John Gilgen, who made the show quite interesting, and a good time was had by all. Some say that this year's Jamboree was the best ever. Congratulations, Juniors!

Jerry (Rock & Roll) Johnson.  
Jamboree.

## *The good times we shared*

Good ol' N. P. H. S. offers two courses to the girls in Home Economics. The purpose of Home Economics is to teach the girls how to have a happy life and to promote good fellowship among friends.

In both areas the fundamentals are taught, so that the student has a good background of basic information which she can apply and use in more technical cooking and sewing problems.

The second course is a follow-up of Home Economics I. It includes more advanced methods.

Look 'em over, boys, these are the future homemakers of America.

You can never tell what is going to happen next. This year on the 18th of February the gals grabbed a fellow and were off to the Twirp Dance.

Our great comedians  
Dramatics Class

It may seem a bit early, but good ol' N. P. H. S. started suffering from Spring fever as early as March. This year the G. A. A. held a covered dish dinner, inviting the girls' fathers. March 23 was the date of a record hop sponsored by the Senior Council. Fun was had by all. Spinning the records was Bill Arthur, of our very own record shop in the downtown section of Philly. Did we rock' an' roll!

With great expectations April 7 finally came and we danced to Jim Herron's music at the annual Spring Formal. During the week of the 16th we displayed our talent in the Spring Carnival. The Carnival was a success and the public responded with enthusiasm.

May was a month full of fun, especially for the Seniors. On May 4 the Senior Class Play entitled "What a Life" was presented by the Seniors, under the direction of Mrs. Helen Somerville. We are happy to announce that the play was a great success. On May 25, both Senior Class Day and the Junior-Senior Prom were held. On Sunday, May 27, Baccalaureate services were held for the seniors in the auditorium. On Monday evening, May 28, the Senior Banquet was held. Finally, the end of our high school life came on Tuesday evening, May 29. We donned our caps and gowns and proudly received our diplomas. We'll never forget it!
